

APRIL member meeting

with **Sue Martin**

demonstrating *Language of Abstractions*

Take leave of reality and playfully focus on shapes, line, color, value, and texture to create expressive abstract paintings. It can feel risky, but with Sue Martin showing you how to explore processes, you'll discover a new language of expression. Please join us.

Sue holds a BFA degree from the U of U and is a signature member of UWS and the Western Federation of Watercolor Societies. For more about Sue's work, visit her web site: www.suemartinfineart.com.

Tuesday, April 11th
